Overall Thickness:

0.125 inches

End Application:

Oe-170e antenna-building equipment 60 ft

Special Features:

6 in long, 5 in wide-has 13/16 in wide cut through center 5 1/2 in long

Material:

Stainless steel

Material Specification:

Qq-s-763 class 302/304 federal specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
