Overall Length:

15.600 inches

Overall Width:

4.800 inches

Overall Thickness:

0.085 inches

Lamination Quantity:

3

Construction:

Laminated

Product Name:

Shim, laminated, polyimide

Special Features:

Lamination thickness's (15) .003; (6).005; (1).010

Material:

Glass

Material Specification:

Bms7-335, type vi, grade b mfr ref single material response

Surface Treatment:

Plastic polyamide

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
