Overall Length:

2.100 inches

Overall Width:

1.200 inches

Overall Thickness:

0.029 inches

Lamination Quantity:

1 and 1

Construction:

Laminated

Product Name:

Shim, laminated polyimide square and rectangular

Special Features:

Lamination thickness's - (1) .024; (1) .005

Material:

Glass

Material Specification:

Bms7-335, type vi, grade b mfr ref single material response

Surface Treatment:

Plastic polyamide

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
