End Application:

Pressure reducing manifold assembl (top assembly)

Criticality Code Justification:

Feat

Special Features:

Cleaning, packaging, and marking iaw mil-std-1330d.

Material:

Plastic polyamide

Material Specification:

Astm-d4066 I-p-410 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
