Overall Length:

7.000 inches

Overall Width:

3.630 inches

Overall Thickness:

0.750 inches

End Application:

Control panel

Special Features:

(7) holes unequally spaced; (3) 9/32 dia. Thru: (4) 0.201 dia. Thru

Material:

Copper alloy

Material Specification:

Astm-d-1784 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
