Overall Thickness:

0.004 inches

End Application:

Fire protection system aboard a400m (military air transport aircraft)

Construction:

One-piece

Product Name:

Shim

Functional Description:

Used for shimming purposes during /maintenance of a400m acoc actuator part number 906400-01

Supplementary Features:

Miggett safety system component maintenance manual 75-20-01

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
