**Overall Length:**

4.500 inches

**Overall Width:**

2.750 inches

**Cross-sectional Height:**

0.250 inches

**End Application:**

Support equip, used for helicopter, iroquois hh/uh-1

**Product Name:**

Wedge plate, rear

**Special Features:**

Rectangular wedge plate contains one circular through hole 0.562 inch and one 0.375 x 1.875 oblong hole close to one end

**Material:**

Steel

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07000
