Overall Length:

3.050 inches

Overall Width:

1.250 inches

Overall Thickness:

0.400 inches

End Application:

Capture spine

Product Name:

Lock bar spacer

Special Features:

Delrin af material; bar thickness .1 inch; one end has .51 inch radius notch; other end has .3 x .3 inch pin

Material:

Plastic acetal

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A07000
