Overall Length:

0.2812 inches

End Application:

5855-01-573-2483; sight, thermal

Hardness Rating:

60.0 rockwell b

Product Name:

Spacer

Special Features:

Finish: plain; hex width: 0.1875 inch; screw size: 2-56; threading: fully threaded; thread length: 0.28125 inch; thread fit: class 2b; tensile strength: 55000 psi

Material:

Aluminum

Style Designator:

17f hexagon, plain, no outside flanges

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
