Inside Diameter:

4.437 inches

Outside Diameter:

Between 4.990 inches and 4.995 inches

Overall Thickness:

Between 0.125 inches and 0.156 inches

Surface Finish:

250.0 microinches

Product Name:

Spacer

Material:

Steel comp 1015

Material Specification:

Aisi 1015, ty a, gr 2, cl b assn standard single material response

Surface Treatment:

Phosphate manganese

Surface Treatment Specification:

Mil-p-16232, ty m, cl 1 military standard single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-p-16232 spec.
