Inside Diameter:

Between 1.005 inches and 1.010 inches

Outside Diameter:

Between 1.220 inches and 1.240 inches

Overall Thickness:

Between 0.146 inches and 0.166 inches

Surface Finish:

250.0 microinches smallest outside diameter

Product Name:

Spacer (gang sheet)

Special Features:

For calculation purpose nom thick is 0.125 inch

Material:

Steel comp 1015

Material Specification:

Aisi 1015, ty a, gr 2, cl b assn standard single material response

Surface Treatment:

Phosphate manganese

Surface Treatment Specification:

Dod-p-16232 military standard single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
