End Application:

F-22 raptor

Lamination Thickness:

0.003 inches

Construction:

Laminated

Product Name:

Shim-wing tip

Special Features:

Item is made from a 4 inch x 8 inch piece of material

Material:

Titanium alloy

Material Specification:

Ams-dtl-22499 comp 5, type 1, class 2 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
