End Application:

C-130 aircraft

Criticality Code Justification:

Feat

Product Name:

Shim, 0.018

Special Features:

Item has dimensional parameters and material performance specifications which if not met, will result in failure of the next higher assembly, creating a "safety of flight" condition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
