Overall Length:

5.800 inches

Overall Width:

1.200 inches

Overall Thickness:

0.190 inches

End Application:

1520-01-457-5179

Product Name:

Spacer, generator control unit

Material:

Aluminum alloy 2024

Material Specification:

Ams-qq-a-250/5 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A556d0
