Overall Length:

0.600 inches

Overall Width:

0.600 inches

Cross-sectional Height:

Between 0.130 inches and 0.140 inches

Minor Height:

0.040 inches

End Application:

B-2 bomber

Product Name:

Shim, tapered

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Surface Treatment Specification:

Mil-c-5541, class 3 military specification single treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-c-5541 spec.
