## **Overall Length:**

0.600 inches

## **Overall Width:**

0.600 inches

# **Cross-sectional Height:**

Between 0.130 inches and 0.140 inches

### Minor Height:

0.040 inches

#### End Application:

B-2 bomber

#### **Product Name:**

Shim, tapered

#### Material:

Aluminum alloy 2024

#### Material Specification:

Qq-a-250/5 federal specification single material response

#### Surface Treatment Specification:

Mil-c-5541, class 3 military specification single treatment response

# Style Designator:

Rectangular

### Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

Fiig:

A07000

## Mil-std (military Standard):

Mil-c-5541 spec.
