Nonmetallic Hardness Rating:

30.0 durometer

Overall Length:

0.220 inches

Flange Diameter:

0.720 inches

Body Diameter:

0.500 inches

Body Length:

0.070 inches

Center Hole Diameter:

0.280 inches

End Application:

Launch control

Flange Height:

0.150 inches

Design Type:

Single centrally located hole

Product Name:

Sorbothane bushing

Special Features:

Material is sorbothane

Style Designator:

Round tapered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535j0
