Inside Diameter:

Between 1.38 inches and 1.39 inches

Outside Diameter:

Between 1.605 inches and 1.645 inches

Overall Thickness:

0.26 inches

End Application:

40289-45014

Product Name:

Spacer, large fixed shaft

Material:

Steel

Surface Treatment:

Paint

Surface Treatment Specification:

Mil-p-23377 type 1, class c military specification 1st treatment response and mil-c-46168 carc color luster less green 383 military specification 2nd treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-p-23377 spec.
