**Overall Length:**

107.620 inches

**Overall Width:**

83.280 inches

**Overall Thickness:**

4.500 inches

**End Application:**

Deployable strategic mission data preparation shelter system (dsmdpss)

**Surface Material:**

Aluminum

**Design Type:**

Exterior wall

**Special Features:**

Insulation: polyidocuanurate form

**Material:**

Aluminum

**Supplementary Features:**

Panel assembly; left side; removable shelter - unit 3; t.O.35e4-193-1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T324-d
