Product Name:
Cactf-is ft. Bragg
Special Features:
The cactf is a complex of 20-26 buildings covering an urbanized area of 2.25 square kilometers. The cactf supports the training strategy as
outlined in training circular (tc) 90-1. The facility provides combined arms collective training for platoon and company situational exercises
(stx) and battalion/brigade task force (tf) field training exercises (ftx).
