Overall Length:

12.167 feet

Overall Height:

6.833 feet

Overall Width:

6.917 feet

Usage Design:

Electric equipment

Floor Material:

Steel

Door Quantity:

1

Wall Material:

Aluminum

Roof Material:

Aluminum

Louver Quantity:

1

Ventilator Quantity:

2

Weather Insulation Extent:

Full

Electrically Shielded Feature:

Included

Special Features:

Air transportable; 3 skids on bottom; lifting and towing eyes; lifting and hold down slings; complement listing per scl-1987 less equipment listing in para 3.11.1 and 3.12.1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T324-f
