Overall Length:

12.125 feet

Overall Height:

6.792 feet

Overall Width:

6.865 feet

End Application:

Type no. An/mcc-6

Joint Electronics Type Designation System Item Name:

Terminal telegraph telephone

Joint Electronics Type Designation System Item Type Number:

An/mcc-6

Usage Design:

Electric equipment

Floor Material:

Aluminum

Door Quantity:

1

Wall Material:

Aluminum

Roof Material:

Aluminum

Shutter Quantity:

3

Louver Quantity:

3

Weather Insulation Extent:

Full

Electrically Shielded Feature:

Included

Special Features:

Air transportable, 3skids on bot- tom, lifting and towing eyes, slings forlifting and hold down, complement list ing per scl-1987 less equipment listedin par 3.8.1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T324-f
