Overall Length:

6.333 feet

Overall Height:

5.417 feet

Overall Width:

4.750 feet

End Application:

Type no. An/mcc-3

Usage Design:

Electric equipment

Floor Material:

Aluminum

Door Quantity:

1

Wall Material:

Aluminum

Roof Material:

Aluminum

Shutter Quantity:

3

Louver Quantity:

3

Weather Insulation Extent:

Full

Electrically Shielded Feature:

Included

Special Features:

Airtransportable 2 skids on bottom lifting and towing eyes slings for lifting and hold down complement listing per scl-1987 less equipment listed in par 3.13.1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T324-f
