Overall Length:

12.125 feet

Overall Height:

6.792 feet

Overall Width:

6.896 feet

End Application:

Type no. An/mta-4

Usage Design:

Electric equipment

Floor Material:

Aluminum

Door Quantity:

1

Wall Material:

Aluminum

Roof Material:

Aluminum

Shutter Quantity:

4

Louver Quantity:

3

Weather Insulation Extent:

Full

Electrically Shielded Feature:

Included

Special Features:

Air transportable; 3 skids on bottom; lifting and towing eyes; slings for lifting and hold down; complement listing per scl-1987 less equip. Listed in par.3.3.2.1; marked s-180/mta-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T324-f
