Overall Length:

20.000 feet

Overall Height:

8.000 feet

Overall Width:

8.000 feet

End Application:

F-16c/d aircraft

Usage Design:

Maintenance equipment

Special Features:

Part of maintenance shop to support computer inertial test station and ancillary equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T324-f
