Overall Length:

14.790 feet

Overall Height:

7.080 feet

Overall Width:

7.250 feet

End Application:

5840-01-276-9398 an/tps-75 radar set

Usage Design:

Electronic equipment

Floor Material:

Aluminum

Door Quantity:

1

Wall Material:

Aluminum

Roof Material:

Aluminum

Weather Insulation Extent:

Full

Electrically Shielded Feature:

Not included

Product Name:

Shelter, basic tps-75

Special Features:

Has lifting rings, fork lifting capability and leveling bubble at each corner

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T324-f
