Accessory Components And Quantity:

Skids, 3; forklift pockets, 4

Usage Design:

Repair parts and repair shop

Floor Material:

Aluminum

Door Quantity:

5

Wall Material:

Aluminum and plastic, polyurethane

Roof Material:

Aluminum

Louver Quantity:

2

Ventilator Quantity:

2

Weather Insulation Extent:

Side wall

Electrically Shielded Feature:

Not included

Product Name:

Unit no.4 calibration/repair augmentation facility

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T324-f
