Usage Design:

Maintenance equipment or repair shop

Floor Material:

Wood

Door Quantity:

1

Wall Material:

Plywood or metal

Roof Material:

Plywood or metal

Louver Quantity:

1

Ventilator Quantity:

1

Weather Insulation Extent:

Full

Product Name:

Torque calibration/repair mobile facility

Special Features:

Features include corner fitting, skids, jack mounting point, removable panel, forklift points, air conditioner, electrical panel 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T324-f
