Shell Material:

Steel

Assembly Method:

Welded

Assembly Form:

Set-up

Fitting:

Not included

Installation Location:

Below ground

Tank Capacity:

100.0 gallon, us measure

Liquid For Which Designed:

Liquid petroleum product

Shell Material Thickness:

0.0667 inches

Shape:

Cylindrical

Specification Or Standard:

5 item

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T324-h
