Outside Surface Treatment:

Anodized and chromate coated

Overall Length:

9.125 inches

Overall Diameter:

5.188 inches

Pressure Rating:

150.0 pounds per square inch

Drain Type:

End

End Shape And Location:

Skullcap pinked or internal filling pinked

End Thickness:

Between 4.995 inches and 5.000 inches

Opening Quantity:

1

Opening Size:

1.469 inches

Opening Location:

0 on bottom; 1 on end

Opening Characteristic:

Unthreaded

Outer Shell Material Thickness:

Between 0.086 inches and 0.094 inches

Mounting Base:

Not included

Material:

Aluminum

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T103-h
