Overall Length:

2.040 feet

Overall Height:

2.510 feet

Overall Width:

0.375 feet

Shell Material:

Plastic

Assembly Method:

Molded

End Application:

4610-01-219-8707

End Shape:

Rectangular

Accessory Components And Quantity:

Fittings spin weld type 1/2-14 female npt at bottom

Installation Design:

Horizontal

Fitting:

Included

Tank Capacity:

12.0 gallon, us measure

Liquid For Which Designed:

Any acceptable

Shell Material Thickness:

0.2500 inches

Err Default:

Err default

End Material:

Plastic

Two Compartment Feature:

Not included

Special Features:

For chemical use, 28.0deg to 130.0deg f; raised numbering and markings a gallon and half-gallon on tank side

Shape:

Rectangular

Supplementary Features:

Indentation both side centrally located

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
