Overall Length:

1.650 feet

Overall Height:

0.500 feet

Overall Width:

0.350 feet

Shell Material:

Steel

Assembly Method:

Welded

End Application:

Tank, amine s; los angeles class ssn (688)

Installation Design:

Vertical

Mounting Bracket:

Not provided

Top Shape:

Rectangular

Top Material:

Steel

Liquid For Which Designed:

Any acceptable

Bottom Shape:

Rectangular

Weld Type:

Lap

Shell Material Thickness:

0.5000 inches

Bottom Material:

Steel

Bottom Material Thickness:

0.500 inches

Top:

Included

Top Material Thickness:

0.5000 inches

Product Name:

Foundation assembly tank, amine storage and penetration

Special Features:

No burrs/sharp edges; hydrostatic test tank

Shape:

Arched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T324-h
