Overall Length:

21.000 inches

Overall Height:

19.000 inches

End Application:

6640-01-399-0483

Product Name:

Water reservoir sub assembly

Special Features:

Material is stainless steel type 304; bend radius is 12; assembly includes: side (p/n90006p0017-1) 1, side (p/n 90006p0017-3) 1, side (p/n 90006p0017-5) 1, side (p/n 90006p0017-7) 1, coupling, half (p/n 90006p0022-1) 2, coupling, half (p/n 90006p0022-3) 3

Color:

Green

Material:

Stainless steel

Surface Treatment:

Passivate and primer and paint

Specification Data:

81346-astm a 240/a 240m professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
