Species-grade And Grading Association:

Cedar, alaska 3 common northeastern lumber manufacturers association or cedar, northern white 3 common northeastern lumber manufacturers association or cedar, western 3 common western wood products association or cedar, western standard west coast lumber inspection bureau or cedar, western standard western wood products association or douglas fir 3 common western wood products association or douglas fir standard west coast lumber inspection bureau or douglas fir standard western wood products association or fir, balsam 3 common northeastern lumber manufacturers association or fir, balsam 3 common northern hardwood and pine manufacturers association or fir, subalpine 3 common western wood products association or fir, subalpine standard western wood products association or hem-fir 3 common western wood products association or hem-fir standard west coast lumber inspection bureau or hem-fir standard western wood products association or hemlock, eastern 3 common northern hardwood and pine manufacturers association or hemlock, mountain 3 common western wood products association or hemlock, mountain standard west coast lumber inspection bureau or hemlock, mountain standard western wood products association or larch 3 common western wood products association or larch standard western wood products association or pine, eastern white 3 common northern hardwood and pine manufacturers association or pine, eastern white standard northeastern lumber manufacturers association or pine, idaho white 3 common western wood products association or pine, idaho white standard western wood products association or pine, jack 3 common northeastern lumber manufacturers association or pine, jack 3 common northern hardwood and pine manufacturers association or pine, lodgepole 3 common western wood products association or pine, lodgepole standard western wood products association or pine, pitch 3 common northeastern lumber manufacturers association or pine, ponderosa 3 common western wood products association or pine, ponderosa standard western wood products association or pine, norway 3 common northern hardwood and pine manufacturers association or pine, norway standard northeastern lumber manufacturers association or pine, southern no. 2 boards southern pine inspection bureau or pine, sugar 3 common western wood products association or pine, sugar standard western wood products association or redwood construction common redwood inspection service or spruce, eastern 3 common northeastern lumber manufacturers association or spruce, eastern 3 common northern hardwood and pine manufacturers association or spruce, engelmann 3 common western wood products association or spruce, engelmann standard western wood products association or spruce, sitka standard west coast lumber inspection bureau or tamarack 3 common northeastern lumber manufacturers association or tamarack 3 common northern hardwood and pine manufacturers association

Moisture Content Retention Percentage:

19.0

Random Length:

6 feet and longer, permitting 10 pct 6-9 feet and requiring 30 pct 14 feet or longer

Width-location And Measuring Method:

6.000 inches specified

Measuring Method And Length:

6.000 feet random

Surface Condition Degree:

Surfaced two sides and standard matched

Thickness-location And Measuring Method:

1.000 inches specified

Typical Wood Products Use:

Roof and wall sheathing, subflooring, boxes, crates and pallets

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
