Overall Length:

13.000 inches

Overall Diameter:

10.000 inches

Special Features:

Shielding material is cast lead; cavity size is 2 incg diam by 4 inch deep; type a cert; shields gamma radiation isotope cs-137; wt is 400 lbs

Special Markings:

Caution, radioactive material symbol

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
