**Width:**

15.000 inches

**Thickness:**

3.500 inches

**Length:**

48.000 inches

**Environmental Protection:**

Water repellent

**Layer Quantity:**

1

**Mounting Facility:**

Flange

**Maximum Thermal Conductivity:**

0.33 at 75 degrees f

**Layer Material:**

Mineral wool

**Layer Thickness:**

2.000 inches

**Added Binder:**

Not included

**Affixed Sheet:**

Included

**Environmental Attribute Code:**

Comprehensive procurement guideline - construction products - building insulation products

**Special Features:**

Contains recycled material

**Specification Or Standard:**

2 type and c class

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T230-b
