Overall Length:

14.620 inches

Overall Width:

2.750 inches

Overall Thickness:

0.500 inches

Maximum Thermal Conductivity:

Not rated

Coverage Width:

3.188 inches

Coverage Length:

15.0058 inches

Flameproof Feature:

Not included

Water Repellent Coated Surface:

Not provided

One Side Decoration Provision:

Not provided

Special Features:

Item tapers 0.500 in. On each end to a length of 13.620 ins on the top; insulation material is bonded to gasket material, non metallic, per specification mil-6-12803, 0.020 to 0.030 in. Thk

Material:

Cellulose fiber

Material:

Cellulose

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T230-a
