Overall Length:

14.000 inches

Overall Width:

8.120 inches

Overall Thickness:

0.750 inches

Maximum Thermal Conductivity:

Not rated

Coverage Width:

8.495 inches

Coverage Length:

14.375 inches

Flameproof Feature:

Not included

Water Repellent Coated Surface:

Not provided

One Side Decoration Provision:

Not provided

Special Features:

Top portion is 13.500 ins from left edge to bottom of item; insulation material is bonded to gasket material, non metallic, per specification mil-g-12803, 0.020 to 0.030 in. Thk

Material:

Cellulose fiber

Material:

Cellulose

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T230-a
