Min. Tensile Strength (psi):

10 pounds per square inch

Adhesive Location:

One side

Product Name:

Advanced installation blanket tape

Special Features:

Material, metalized polyvinal floride for backing material

Material:

Plastic polyvinyl background

Material Specification:

Bms8-300, ty ii mfr ref single material response coating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
