Overall Length:

54.000 inches

Overall Width:

24.000 inches

Overall Diameter:

0.250 inches

Storage Temperature Range:

-45.0/+225.0 degrees fahrenheit

Product Name:

Soundfoam m

Special Features:

200% elongation; surface film, plain; flammability rating ul 94 hf-1

Functional Description:

Acoustic quality, open cell, flexible polyether based polyurethane foam

Quantity Per Shipping Container:

3

Supplementary Features:

Foam densi type 1.8 lbs/cubic ft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
