Thermal Insulation Sleeving - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5640-01-544-4920

### Material Density:

2.6 pounds per cubic foot

## Insulation Thickness:

3.000 inches

# **Special Features:**

90 degree short radius elbow; iron pipe size 3/8 in.

#### Material:

Plastic, polyimide

### Shelf Life:

N/a

## Unit Of Measure:

---

## Demilitarization:

No

Fiig:

A016a0
