Thermal Insulation Sleeving - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5640-01-544-7918

## Material Density:

7.0 pounds per cubic foot

## Insulation Thickness:

0.500 inches

# **Special Features:**

90 degree short radius elbow; iron pipe size 2 1/2 in.

#### Material:

Plastic, polyimide

## Shelf Life:

N/a

# Unit Of Measure:

---

## Demilitarization:

No
