Thermal Insulation Sleeving - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5640-01-544-7935

### Material Density:

7.0 pounds per cubic foot

## Insulation Thickness:

0.750 inches

# **Special Features:**

90 degree short radius elbow; iron pipe size 6 in.

#### Material:

Plastic, polyimide

### Shelf Life:

N/a

## Unit Of Measure:

---

## Demilitarization:

No

Fiig:

A016a0
