Thermal Insulation Sleeving - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5640-01-544-7957

## Material Density:

7.0 pounds per cubic foot

### Insulation Thickness:

0.750 inches

# Special Features:

90 degree short radius elbow; iron pipe size 3/8 in.

#### Material:

Plastic, polyimide

### Shelf Life:

N/a

## Unit Of Measure:

--

### Demilitarization:

No

Fiig:

A016a0
