Thermal Insulation Sleeving - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5640-01-545-1709

#### Material Density:

7.0 pounds per cubic foot

### Insulation Thickness:

4.000 inches

# **Special Features:**

Straight section; iron pipe size is 3 1/2 in.

#### Material:

Plastic, polyimide

### Shelf Life:

N/a

## Unit Of Measure:

---

### Demilitarization:

No

Fiig:

## A016a0
