Fabrication Method:

Twisted

Overall Height:

36.000 inches

Edge Type:

Plain edge

Surface Treatment Application Stage:

Before fabrication

Mesh Size:

1

Filament Size:

0.0340 inches

Filament Location:

Edge Location:

Top and bottom

Mesh Shape Style:

Hexagonal

Special Features:

Chicken wire / poultry netting

Material:

Steel

Material:

Steel

Surface Treatment:

Zinc

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A08800
