Fabrication Method:

Extruded

Length:

12.000 feet

Attachment Feature Width:

1.438 inches

Material Accommodated Thickness:

0.500 inches

Mounting Method:

Any acceptable

Exposed Width:

0.250 inches

Issue Form:

Specific length

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Style Designator:

Cap strip

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T231-h
