Fabrication Method:

Extruded

Length:

3.000 feet

Mounting Method:

Sheet metal screw

Issue Form:

Specific length

Special Features:

O/a ht 2-5/16 in., max drop 7/8 in., length adjustment to 4 feet, closed cell neoprene sponge remains flexible in temperatures as cold as minus 65 degrees f

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T231-h
