**Fabrication Method:**

Extruded

**Length:**

3.000 feet

**Mounting Method:**

Sheet metal screw

**Issue Form:**

Specific length

**Special Features:**

O/a ht 2-5/16 in., max drop 7/8 in., length adjustment to 4 feet, closed cell neoprene sponge remains flexible in temperatures as cold as minus 65 degrees f

**Material:**

Aluminum alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T231-h
