Section Quantity:

2

Opening Width:

5.288 feet

End Application:

A-7/a-10aircraft hush house

Operational Direction:

Vertical

Operation Method:

Powered

Opening Height:

12.181 feet

Construction:

Interlocking horizontal slat

Guide Type:

Channel track

Counterbalance Method:

Any acceptable

Material:

Steel

Material:

Steel

Surface Treatment:

Zinc

Surface Treatment:

Galvanized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T274-v
